### 2825 Sq. Ft.

Large picture windows on a graceful bow front make a fabulous first impression from the outside. Inside, they flood the vaulted great room with sunlight. An angled center island in the kitchen commands views of the entire living area. Sliding glass doors to the sundeck are another bonus to a gracious master suite that boasts a walk-in closet and full ensuite. The unfinished loft on the upper floor is a perfect retreat from which to overlook the great room.
