

# *The* Tamarack

1,608 SQ. FT.

Classic Prairie Style design makes this home perfectly suited to a ranch or small acreage. The well-organized floor plan combines three bedrooms and a large living/dining room with a generous kitchen; all with vaulted ceilings.

No stairs to climb, and the convenient detached garage would make a perfect workshop for a farm or home business. Enjoy the sun on the large main sundeck or on the private deck of the master suite.
