

# *The* Braelorne

3,286 SQ. FT.

A soaring roof, numerous bay windows, and a variety of natural materials evoke echoes of Craftsman style and grand mountain retreats.

The sprawling main floor includes generously sized living, dining, and kitchen areas, plus a sun room, garage, and two bedrooms with their own ensuite baths.

The upper floor is the domain of the master suite, with a luxurious ensuite bathroom, walk-in closet, storage room, loft, and balconies.
